The Curse Of Tenth Grave: A Novel

Synopsis

"If one door closes and another one opens, your house is probably haunted." (Bumper sticker) As a part-time PI and full-time grim reaper, Charley Davidson has asked a lot of questions throughout her life: Why can I see dead people? Who is the hot supernatural entity following me? How do I get gum out of my sister's hair before she wakes up? But "how do I trap not one malevolent god but three?" was never among them. Until now. And since those gods are on earth to kill her daughter, she has little choice but to track them down, trap them, and cast them from this dimension. There's just one problem. One of the three stole her heart a very long time ago. Can the Razer, a god of absolute death and destruction, change his omniscient spots, or will his allegiances lie with his brothers? Those are just a few of the questions Charley must answer, and quick. Add to that a homeless girl running for her life, an innocent man who's been charged with murdering the daughter of a degenerate gambler, and a pendant made from god glass that has the entire supernatural world in an uproar, and Charley has her hands full. If she can manage to take care of the whole world-destroying gods thing, we're saved. If not, well...

Book Information

Audible Audio Edition

Listening Length: 10 hours and 40 minutes

Program Type: Audiobook

Version: Unabridged

Best Sellers Rank: #11 in Books > Audible Audiobooks > Fantasy > Paranormal #11 in Books > Audible Audiobooks > Romance > Suspense #47 in Books > Mystery, Thriller & Suspense > Mystery > Private Investigators

Customer Reviews

Ok I've thought over night about this review and I will make an attempt to get my thoughts out and on paper. You see my problem is I really like this series but I don't always love it, if you get my meaning. Charley and Reyes seem to have gone through so much and if you haven't read previous books then please don't read further as spoilers are most definitely coming here! Ok first up we mix a

grim reaper with the son of Satan and if that wasn't twisted enough the author throws in demons (which OK yes son of Satan), ghosts and again that makes sense as it is kind of what Charley's mission on Earth is but then it gets so tangled with Gods making their presence felt. I'm down with Jehovah and his angels, I'm almost holding my own as those from other dimensions feature (heavily!) but what has happened to Charley and Reyes child ? Eek I don't honestly think I could function! Yet there's our intrepid duo going about their everyday lives and Charley has a new case , Reyes carries on being the best chef in town and yet the cracks in their relationship just keep getting wider and wider. Reyes is well Reyes, he is always a cool customer and in comparison Charley feels juvenile and I freely admit I adore her wit but there are moments I want to shake her. Not only is Charley terrified for her missing child but her feelings for Reyes and the secrets she hides from him are surely going to need marriage guidance or counselling at the very least. Reyes is sex on legs, the reader knows this and yet Charley constantly reminds us to the point where I question is it love or obsession? There's just so much crammed in here and as usual the supporting characters add greatly but it's the tough choices that Charley makes that kept me glued to the page.
