## Customer Reviews

I've been a fan of Lauren Conrad ever since her Laguna Beach and The Hills days and have always loved her chic style. I considered purchasing this book years ago when it first came out but didn't because I had my own style and was fine with it. Now, oddly enough, I'm in my mid-thirties and a mother of twin toddlers and I realize I am not part of the target audience for this book. However, lately I've become more interested in learning more makeup and style tips because it's fun! Lauren Conrad Style is a well-written style guide that contains many aspects dealing with fashion. This book is divided into three parts: Fashion, Beauty, and Lifestyle. Within each part are chapters devoted to different categories within those topics, such as "Building Your Wardrobe" and "Accessories" in Fashion, "Makeup" and "Hair" in Beauty, and "Work and School" and "Events and Parties" in Lifestyle. There is information in this book that tells you how to use the same clothes and make it

into various outfits using different accessories, dressing for your body type, and how to do your hair and makeup. Personally, I enjoyed the sections on makeup and hair the most since I am looking for fun tips so I can have fun doing my hair and makeup (when I actually have the energy for this since my twins keep me pretty busy). There are a lot of expensive labels and stores mentioned, which may not be possible for some readers to buy and shop at, but it's nice to see pictures of Lauren Conrad in her stylish clothes so you can go to a store of your choosing and find something similar. Overall, I like this book and have learned several things from it. One thing to note is that Lauren Conrad also has a book called Lauren Conrad Beauty, which I have as well.
