Truely a work of ART cover to Cover ... AND every single page in between. BE FORWARDED ...MOST people will only see pornography and would not be appropriate for a Southern coffeetable or ANYWHERE that small minded people (or children) might pick up and judge YOU rather than their own ignorance.

All the pictures are of high quality.The layout is great. There is also an interview with Naomi.A book you would treasure for years.

By putting this book together with taste and great fun, N. demonstrates she is a brainy & nice lady. She also seems to be such a prima donna (in the best sense of the expression, really, that is deserving it) that she defies the more mundane categories of talent & beauty -- she really creates

herself with determination &, I think, a huge dose of humor. This book is as pleasant an experience to read/look at than looking from time to time at a favorite painting on the wall of a museum. I don't think it will ever age and that it can illuminate an otherwise dull day.

I bought this book for my niece. She's an aspiring model. Since her early childhood she's felt a connection to modeling and with the fame Naomi has achieved. This book is great!! This is my second purchase. The first one I got at a Nordstroms or Saks about 10 or so years ago. The photos are spectacular

The pictures are amazing especially if you love Naomi.

this book let's you look at naomi in ways you have never seen befor and shows you why she earns tens of thousands strutting on the runway. Twenty dollars is a very cheap price to see her the way you will in this book
