The Fox And The Star

Synopsis

From the award-winning designer of the iconic Penguin Hardcover Classics comes a beautifully illustrated fable about loss, friendship, and courage. *The Fox and the Star* is the story of a friendship between a lonely Fox and the Star who guides him through the frightfully dark forest. Illuminated by Star's rays, Fox forages for food, runs with the rabbits, and dances in the rain until Star suddenly goes out and life changes, leaving Fox huddling for warmth in the unfamiliar dark. To find his missing Star, Fox must embark on a wondrous journey beyond the world he knows—a journey lit by courage, newfound friends, and just maybe, a star-filled new sky. Inspired by the Arts and Crafts movement and the art of William Blake, *The Fox and the Star* is a heartwarming, hopeful tale which comes alive through Bickford-Smith's beloved illustrations, guiding readers both young and grown to look up beyond your ears.

Customer Reviews

When the book arrived in my mailbox, I held it in awe. The cover is perfect. I love the navy blue background and the cute little fox at the bottom, it just begs to be read and a fine showcase on your bookshelf! The story is worthy of the cover too. It's about a sweet little fox that loves his star. The star lights the fox's way until one day the star is gone and the poor little fox is scared and doesn't know what to do. At first the fox hides from the dark and is scared, but eventually he decides he can't hide forever and he goes looking for his star. What he finds isn't just his

start, but millions of other stars as well. He learns to never give up. It was a heart warming little story that would be perfect for a nighttime reading with your little ones. It's a classic story that children and adults will enjoy. But what really makes this book is the illustrations! The illustrations are so marvelous! I love the navy and orange as the primary colors. They work so well together and are classic and timeless. The cute little forest scenes, the trees, the animals... all so cute and each page is different, and you have to follow the words on some pages. The illustrations and the word following make it engaging for reader and child... on some pages I had to hunt for the fox, I could just see the parent asking their child, "where is the fox?" while they are reading. In my mind this is a book that begs for parent/child reading time. Sure older kids could read this book all on their own but it's the kind of book that I see a parent and child reading together as a bedtime story... just my vision. The quality of the book and the pages are wonderful.
