Portrait In Death: In Death, Book 16

Synopsis

After a tip from a reporter, Eve Dallas finds the body of a young woman in a Delancey Street dumpster. Just hours before, the news station had mysteriously received a portfolio of professional portraits of the woman. The photos seemed to be nothing out of the ordinary for any pretty young woman starting a modeling career. Except that she wasn't a model. And that these photos were taken after she had been murdered. Now Dallas is on the trail of a killer who's a perfectionist and an artist. He carefully observes and records his victim's every move. And he has a mission: to own every beautiful young woman's innocence, to capture her youth and vitality - in one fateful shot....

Book Information

Audible Audio Edition

Listening Length: 14 hours and 2 minutes

Program Type: Audiobook

in Books > Audible Audiobooks > Mysteries & Thrillers > Suspense #1424 in Books > Mystery, Thriller & Suspense > Mystery > Women Sleuths

Customer Reviews

Once again another great addition to the In Death Series. I have to disagree with a reviewer, I found this book truly outstanding. I really did, I think it is the best in the series thus far. The entire book was very surprising, excellent scenario! Normally you figure it out toward the end the "who done it" but this time round I didn't have a clue. More of Roarke and Dallas's personal stories were revealed, but this time the shoe was on the other foot. There is a secret Roarke discovered. You learned a new side to him as he also learned this side. You also saw a side to Eve as she put her work case second and her husband first. I can't tell you what it is this would spoil it but to do all this learning the end up in Ireland. Then a bright young college student is murdered and thrown in a recycler like so much trash, Lieutenant Eve Dallas is, determined to stand for the dead and find the killer. But perhaps most disturbing about this particular case, is that prior to the discovery of the body, a

package of photos of the murdered girl were sent to Eve's friend, Nadine Furst, a well-known TV reporter. It's clear that the killer photographed the victim for some time before the death, without her knowledge, and it's also clear that in the picture, the girl is already dead. The killer wants Nadine's help in showing his work. Then the second victim is found and once again it revolves around their picture the killer had taken. Portrait in Death blasted off with a bold and imaginative concept on an obsession of immortality, and light, but its depth grew when Robb emphasized on the action and characters. The storyline was so compelling, it really made this a page turning thriller. All the characters who are loved were also back in this entry. There is still humor between Eve and Peabody's dialog. Still humor in Eve and Summerset, even more in this story as he had a fall and delayed his holiday. One talent Robb has is the building of characters. This is a must read for all the In Death readers out there. If you are new to the series, start at the beginning with Naked in death and just go down the line. It will not take long either and they get addicting. I know I can't wait for the new one to come out in fall. I really do enjoy this series and I really do feel this was the best of them so far.

Hints of Spoilers (Caution) By far this has got to be one of my favorite book of the series. Nora Roberts is a wonderful writer, but as the series dragged on, there too many characters introduced and Dallas's neurotic "snits" became tedious and childish. One of the reasons I loved this book so much was the role reversals of the characters. Summerset acts like Eve, Eve matures as a wife and acts like Roarke, and Roarke--well he's kind of locked in his own world of pain that we have never seen before. In addition, Nora Roberts trimmed down her cast so that the story didn't bog down with all their side stories. I've been getting tired of the Peabody-McNabb, Louisa-LC, Mavis-Leonardo, Mira, and Trina side stories. This time the murder plot and Roarke dealing with the past were the central points in the book. It was great. I cried several times through the book about Roarke's situation and whenever Eve had to deal with grieving parents. The murder mystery was great too, I didn't know who the killer was until the end. The way Nora Roberts described the turmoil and emotions in this far surpassed her previous books. She dealt with the relationship of Roarke and Eve in such a way that it feels like a real marriage of emotions, and not some 2 dimensional rich guy whose perfect and always protecting his neurotic wife. I also liked the teaming of Eve and Summerset. It was wonderful to see them mature enough to team up against something they had in common. SPOILER SPOILER: The nature of Patrick Roarke's death and Summerset's involvement was a surprise. I guess somehow subconsciously it seemed right. I'm curious about Roarke's knowledge or suspicions of this. If Eve suspected, then Roarke should have too. Eve was such a

great character in this book. For once she wasn't just locked into this one mold of determination to find the killer. She was aware about her wifely duties and shuffled her work life to deal with her personal life. I also enjoyed the introduction of Hastings as well. He kind of a carbon copy of other characters that have been introduced here and there in the series, where the character is cranky and tempermental, but has a great raport with either Roarke or Eve. I'm looking forward to seeing future interactions with Roarke's blood relations now. Roarke's first name will have to remain a mystery though. I'm assuming his mother would definetly name him on the birth certificate. I would highly recommend this book. This ranks as my favorite book of the series, above Naked In Death and Glory In Death.
