## Synopsis

This massive monograph on seminal designer Alexander Girard covers virtually every aspect of his distinctive career. One of the most prolific mid-20th century designers, Girard's work spanned many disciplines, including textile design, graphic design, typography, illustration, furniture design, interior design, product design, exhibit design, and architecture. Exhaustively researched and lovingly assembled by designer Todd Oldham, this tome is the definitive must-have book on Girard's oeuvre. Many of the designs featured here have never before been published. Oldham carefully went through the entire Girard archive to uncover many treasures as well as all of the most recognizable works by Girard. Girard is well known for his bold, colorful, and iconic textile designs for Herman Miller (1952-1975), which are extensively featured. These were often featured in conjunction with furniture designs by his contemporaries: Charles and Ray Eames, and George Nelson. His designs for La Fonda del Sol restaurant (1960) are an experiment with typography as a communication tool and large-scale environmental graphic. Textiles and Objects (1961) was a very influential New York store sponsored by Herman Miller that featured Girard's designs inspired by his travels and folk art collection. The Girard Foundation (1962) houses his own personal and extensive collection of folk art, textiles, toys, and objects from around the world. His complete environmental design for Braniff International Airways (1965) gave him the opportunity to work at all scales with color, graphics, textiles, and furniture design. He designed every aspect of the project himself, from the minute-sized sugar packets and the ticket counters to the graphic colors of the planes themselves. Alexander Girard's playful yet sophisticated designs continue to inspire new generations of artists and designers. The breadth and scope of his work is truly remarkable. This highly anticipated tome is the first major retrospective of this very accomplished and prolific designer, and has been painstakingly edited by renowned New York-based designer Todd Oldham.

## Customer Reviews

This book is absolutely fantastic! It's a compilation of all the work Alexander Girard created throughout his lifetime. From his graphic design pieces, to his furniture, and everything in between. Todd Oldham & Kiera Coffee curated this beast of a book, and they did such an amazing job. It really is a beautiful book. And at over 650 pages, this book is well worth the money! It is definitely a must-have for anyone who appreciates Girard's distinctive career.

Purchased for my daughter for Christmas but I took a peak before I gave it to her. It's a lovely book and I actually started reading it. The pictures and book were beautiful and well worth the price. Daughter loved it as well.

Beautiful! I bought it as a gift for a friend and got jealous... I need to buy one for me! This rich book is an incredible source of inspiration. Graphic design, colors, interiors, furniture, this is a feast!

Love that there are so many full page/spread photos of Girard's work. Beautiful design and color inspiration.

Fantastic, comprehensive, monster of a book on a design legend!
