I'm working on my first book. Needless to say, I need a lot of help. Jaime Vendera's 11 Simple Steps is the only way to go for writing your first book! He covers literally from A-Z everything you need to know before you start writing. Believe me, you don't want to go it alone and then read his book. You'll kick yourself forever if you don't get this book first. He gives you information you wouldn't come up with brainstorming ideas with the best writers, book designers, web designers, cover design, publishing, etc. I could go on for an hour talking up the genius of Jaime Vendera. Once you follow what he teaches you in this book you are surely on your way to writing even more

books! Once I started reading 11 Simple Steps I could not put it down. The direction given in this book is so simple and inspiring, that I have already written down three more ideas for future books! Jaime has over delivered on this one for sure! Anyone telling you any different about this guide book is simply out of touch!

11 Simple Steps by Jaime Vendera is a complete, detailed, recipe to self-publishing. He takes all the guess work out of the process and gives you a step by step trail. Just follow his trail. However, what I admire most is that Jaime doesn't stop with getting the tangible book completed; he goes the extra mile and gives the recipe for releasing and marketing. This is a great resource for the novice. Cassandra Oakes Oakes Books and Publishing A Full Circle Publishing Company
