This booklet is so pastoral, and even though it takes the child through the most painful experience of the crucifixion of Jesus, the tone is gentle and compassionate. Basic values of love, obedience, caring for those who are suffering are interwoven in a style that is easy to read and understand. I was thrilled to find this after reviewing several others written for young children.

This is a great book for children during Lent. Both my 4 y/o daughter & 2 y/o son will sit and listen to me read it on Fridays. It doesn't seem 'too scary' for them and it uses words they can understand. We are happy with it and would recommend it.

We just used this for a Lenten disciple with children and youth and I got really good responses from everyone. The children felt the text was very understandable and they loved the pictures. The adults have been looking at several different versions of The Stations of the Cross [this was the only one for children we looked at] and found this to be one of the best overall. What I like about it is that it does not attempt to mask over or sugar-coat Jesus' journey to Calvary, but tells it the way it was in language that doesn't dumb down or condescend to the younger audiences. This is a very good,

very respectful and very prayerful version of the Stations of the Cross for all ages.

I read this with my daughter often. It's good to bring the stations of the cross down to the level of a 5 year old.

I highly recommend this book. My 4 year old asks me to read it to him and my 6 year old says it makes him want to cry. He doesn't like seeing Jesus hurt. This is a good book for children. It explains things in a way kids can understand.

Having this book has brought an ancient tradition of walking the stations to life for our young ones. So grateful for this down to earth book.

This book gives a great connection for the children with the stations The letters written by other children about each station bring the subject down to their level in a reverent way Used with my own children/grandchildren as well as religion class A favorite of all

This booklet is excellent. I have given it to my grandchildren and they now have an experiential understanding of the Passion of Our Lord.
