Synopsis

Musicians and teachers alike will love the analysis, transcriptions, and great music this book offers. The UnReel Drum Book contains a detailed and clear analysis of the playing of one of the greatest drumming legends ever, Vinnie Colaiuta. The opening exercises help to build a solid foundation of understanding and playing the many rhythms and phrasing ideas found throughout the Concord Records release UnReel, which is also included. On the second CD, the drum solos have been sequenced and slowed down allowing players to follow and play along to help understand the intricate details that make Vinnie's playing so unique, along with two tracks from the original UnReel CD re-mixed without drums to play-along with.

Customer Reviews

Buy this book! If you have a sincere desire to really "get inside" the drumming of Vinnie Colaiuta, you must invest in this book! The transcriptions are flawless! Each page is well laid out, and to properly prepare you to tackle the rest of the book; Marc has written a unique set of exercises designed to help you for what is to come in the rest of the book. One of the most appealing aspects of this great learning device is the fact it contains two CD's! The first CD is the "Unreel" CD by the amazing Randy Waldman, featuring Vinnie, throughout the CD. The second CD is the icing on the cake! In the second CD, you will find everything that Marc has transcribed, sequenced and slowed down to a very approachable speed. The second CD is unlike any other drum-related CD you have ever worked with. It is pure gold! In addition to the mystery of Vinnies' soloing techniques being revealed,

the CD also includes an incredible amount of great information for you to play along with, to help you develop your own "Vinnie-istic" approach. Marc has worked very hard to bring this book to fruition. He has been transcribing Vinnie's work for a number of years, and this book gives you the very best insights into learning the language of "Vinnie." As a matter of fact, I have seen over 350 transcriptions of Vinnie's drumming that Marc has successfully completed. No one has accurately transcribed and documented Vinnie, like Marc! If you will pardon the pun, his whole body of work on the topic of Vinnie Colaiuta is quite "remarkable!" As much as the Unreel Drumbook will inspire your imagination, drumset performance, and love for Vinnie's drumming; wait 'till you see what Marc comes out with next!
