This is a coloring book of 48 designs that have lots of patterning within them. Most of the designs are intricate while others are fairly open and easy to color. The intricate designs are not difficult to color (i.e., they don't have tiny little spaces) but certainly take a little more time and thought. Most of the designs are mandalas " which I find fun to color as it gives me the opportunity to try different colorways. These designs are "curated" • which means that they are licensed from various artists. It gives you a wider range of design styles but along with it, you get very different quality of lines and print. Some designs have heavy and/or dark black lines while others seem almost dark gray in color. In a few very, some of the lines seem less distinct than in others. The designs are printed on one side of thin white. The pages are not perforated but the artist has left ample room to cut a page out if you choose to do so. The binding is glued rather than sewn so you will have to cut the pages if you want to remove them. The designs all have finished elements or a small framing

line on the outer portions of the designs. I really like this as it helps give work a more polished a finished look. You can see a list of my coloring medium used for testing below. All of my markers (water-based as well as alcohol) and all of my gel pens bleed through this paper. My coloring pencils work well with it and behave according to their type of lead (though my hard lead pencils leave a noticeable indent on the back of the page. As the backside of the page is blank, I can use a heavyweight paper or chipboard beneath my working page to keep ink from leaking through or my indents from marring the page beneath.

This coloring book has quickly become a favorite of mine. With so many design & mandala coloring books on the market it can be overwhelming to decide which books are just right for you. This mandala and design coloring book might be just the coloring book you are looking for. It is large filled with 48 imaginative designs which include 21 circular mandalas. This book gives you an imaginative variety of designs that will inspire you including Mandalas, Paisleys, Zentangle, Floral patterns and even one with Houses, each made up of balanced, flowing intricate details, a couple large enough to use crayons or add more of your own details, a few filled with tiny details that take a steady hand and a fine tip, most are filled with medium details that flow and are balanced plus perfect for a variety of coloring mediums Markers, Gel Pens, and Colored pencils. Most of the images can be completed in one or two evenings. The cover picture is included in the book. 1. 48 designs and mandalas fill this little 8 x 10 inch coloring book that is printed one image per page (the back of each page is blank) on medium weight, bright white paper. 2. The illustrations are centered on each page and leave a space between each image and the binding leaving plenty of room to remove individual pages from the book with a box cutter or to take to an office supply store and remove the entire binding for your coloring group. 3. All markers leak through the pages, I just place one piece of scrap paper under the page I am coloring to prevent damage to the next page. 4. You will find 21 circular mandalas, 4 full paged designs and 23 other designs in a variety of forms. 5.
