Customer Reviews

I love this book; it piques your imagination and inspires your creativity. Every single illustration is enchanting; with striking artwork that transports you magically into the Realm of Fantasy. You will have a hard time deciding which intricately designed animal to color first. Here, I am going to use

one of the many wonderful quotes from this book (It is not about how you look; it is about how you see!) Each animal is entirely detailed with small circles, lines and innovatively placed leaves and other miscellaneous shapes to create these charming animal illustrations. You can choose to color each circle, line, and shape, or color over the circles like my Grandchildren do. They love this book, even the youngest with crayons, markers, colored pencils. I like using Gel Pens and colored pencils. Pros: 1. 30 delightful, imaginative, intricate, animal illustrations to color, printed one per page (the back of each page has an inspirational quote) on medium weight, bright white paper, which is perforated for easy page removal. 2. 2 hint pages at the beginning of the book provide basic color ideas, tips, and color theory. 3. 8 full sized colored pages to inspire you. 4. Thirty inspirational quotes are on the back of each coloring page. Cons: 1. The paper is only medium weight so pens and markers will bleed through. I colored the attached picture with Fiskars Gel Pens (Available on) and they did bleed through a little so to prevent damage to the next picture I placed a scrap piece of scrap paper under the picture I was coloring and left it until it was dry. Problem Solved!
