Customer Reviews

Great! I'm a non-skilled adult at art, but I love coloring books and have been getting kids ones from the dollar tree but they were waaaay to simple, so I decided to search for grown-up coloring books (DO NOT search for Adult Coloring books that's something else entirely and personally I think pretty gross! Unless you're into that) I found these books by Creative Haven and ordered 3 types. I must say since receiving them I've spent hours upon hours coloring. Each one is a bit of a challenge and very time consuming. I've honestly been so hooked on this and the other books from Creative Haven that I have stayed up all night well past sunrise coloring (no I do not have a job, or kids, or a life just fortunate enough I can color all night) on a few occasions. I'm so pleased with these books! They

have a website with tons more available and I plan to purchase quite a many more! The creativity is amazing! Buy This Book!

Every single illustration in this coloring book is stunning and you will want to color all of them. Once they are completed any of them would look nice framed. I am sure that most women and teenage girls will love this coloring book. The Illustrations are detailed but do not have a lot of very tiny details. 1. Best for women and teenage girls, 2. 31 Stunning illustrations printed on heavy weight, bright white. perforated paper, drawn and framed with thick black lines 3. Perfect for Colored pencils, pens could be used.

I love this coloring books...such a variety of pictures with elegant to sweet ladies with animals...so adorable and fun to color. Enough detail to make coloring interesting. Here are some samples of pictures I have colored:

I purchased this along with colored pencils for a grandniece. At the same time I got one for my myself and eldest sister. My other sister fell in love it as well and had to purchase one herself. The images are so beautiful. The time period is Edwardian or prior. And the ladies are so very elegant and beautiful. Each sheet has a single image, which allows you to hang after coloring or painting. The sheet are slightly thicker than your average sheet. Regular crayons can be used but the lines to color within are very narrow. Pencils are best. No matter the reason for purchasing you will NOT be disappointed.

This is a nice book and the pages are easily removed. For inspiration, you can check out the original artwork by Harrison Fisher.

Very beautiful coloring book.

I am a 21 year old, female, non artistic college student and I LOVE THIS COLORING BOOK!! I have always loved coloring but I prefer coloring people and this is perfect for that. All the pages are beautiful and really enjoyable to color. I am definitely buying this for my mom for Mother's day. I wish they had more Creative Haven coloring books in the stores!

Love this coloring book...lots of great pictures to color.
