Misleading... there are only 2-3 drawings in this book that are of the quality shown on the cover, many are cartoonish and appear to have been drawn by children. The few nice drawings in it are

duplicated in the other adult coloring books we have. Will either return or give to my 4yo for a coloring book.

Length: 1:22 Mins

My book did not have the "children" type of pages that another reviewer posted. All of my pages were adult and wonderful. Being an avid horse person this is by far my favorite adult coloring book and I am very, very pleased with this book. Copyright 2015. The only thing I would change is make the pages bigger. Some of the designs are so small and intricate that it may be challenging to have a colored pencil tip small enough to not run over the line. But, certainly wouldn't deter me from ever buying this. I would definitely buy this again.

I bought this for my 11 year old daughter and she loves it. Some of the pages are easier and some are much more detailed. The details are small so I would recommend getting a nice set of colored pencils. My daughter has Prismacolor Premier Colored Pencils, Soft Core, 24 Pack which sharpen up nicely. Anything that wont hold a point probably wont work too well. Hours and hours of fun.

Wow. The paper is poor quality and is very hard to color on without hand cramps (think: normal children's coloring book paper, but hardly thicker). Most of the drawings are super cheap looking and only look vaguely like horses. Basically, a 3 year old might not care, but an adult can absolutely notice the weird anatomy they tried to make these horses have...

An excellent coloring book for the equine lover. Various styles of art work on the pages- all related to horses. Use gel pens or colored pencils to create your own masterpiece. Definitely one of the higher quality coloring books I have purchased as gifts. AAA+++!!!

Most childrens coloring books I've seen have better images than this. Also, the printing is horrible. Lines are so faint in some pages that it's difficult to color. The cover of this book does NOT portray what's inside.

Bought this for my adult daughter to keep her occupied after surgey and a long recovery. She loved it - great for horse lovers and people that just want to color! Such intricate designs, very beautiful!! If you have vision problems maybe not for you? Some very small areas to colr.

I ordered 3 of these adult coloring books and this one is by far my favorite. The pictures are amazing and I can't wait to get them colored. The pages are thick and could probably even hold up to paint.
