# Well-Read Women: Portraits Of Fiction's Most Beloved Heroines

## Synopsis

A treasure of a gift for the well-read woman, this collection brings together 50 stirring portraits, in watercolor and in word, of literature's most well-read female characters. Anna Karenina, Clarissa Dalloway, Daisy Buchanan...each seems to live on the page through celebrated artist Samantha Hahn's evocative portraits and hand-lettered quotations, with the pairing of art and text capturing all the spirit of the character as she was originally written. The book itself evokes vintage grace reimagined for contemporary taste, with a cloth spine silkscreened in a graphic pattern, debossed cover, and pages that turn with the tactile satisfaction of watercolor paper. In the hand and in the reading, here is a new classic for the book lover's library.

This is such a beautifully crafted and thoughtful book. Got mine yesterday and I've already decided I'm giving a copy to every woman I know this Christmas! The beautiful details just blow me away. And I know I will refer back to it through the years, whenever I need a little inspiration or guidance...the kind only a classic literary heroine can give.

I bought this book for my mother-in-law and can't wait to give it to her! I would highly recommend it
