Autumn Magic Grayscale Coloring Book: Autumn Fairies, Witches, And More!

Synopsis

Autumn Magic Grayscale Coloring book features thirty images for you to color! Be swept away into a mystical world where gothic, vampire type fairies, fanciful Halloween witches, and autumn magic abounds. These images are grayscale, not black and white line art like most coloring books.

Grayscale coloring is on the rise and it offers a different kind of coloring experience. Do not be intimidated by the fact that there is shading but let it guide you. This coloring book features 30 single sided images waiting for your colored pencils, markers, pastels and other media. It is not suitable for wet media of any kind. This is an adult coloring book but older children would also enjoy it!

Customer Reviews

I have been a fan of Molly Harrison's regular line drawn coloring books since she released her first one almost a year ago. That first book was based on Halloween style designs. Once Ms. Harrison started releasing grayscale design books, I've been hoping for a grayscale book that utilized some of the same Halloween/Autumn styles as my first coloring book did. The wait is over as this is the book I have been hoping and waiting for. *Autumn Magic* is a grayscale coloring book which features 30 of Ms. Harrison's designs. As with her other grayscale design books, the contrast between light and dark areas in the book are spot on. There are many elements designs of adult fairies and witches as well as a few of the younger versions (I hope to see a grayscale book dedicated to her little girls as well in the near future.) The designs are lovely to color. I am using a mix of alcohol-based markers and colored pencils and find that that works best for me. There simply

aren't enough Halloween based coloring books, especially ones that are as elegant as Ms. Harrison's, so I am enjoying coloring in this book while waiting for her to release more of the same. This is what I found while coloring in this book and testing my various coloring medium on the paper: 30 Elegant Autumn/Halloween Fairy/Witch designs in grayscale. All designs are based on Molly Harrison's original artwork. Designs are printed on one side of the page. Paper is thin, white, slightly rough (with good tooth), and non-perforated. Glue Bound. Designs do not merge into the binding and there is enough room to easily cut pages out if you choose to do so. Alcohol-based markers bleed through the paper.
