## Customer Reviews

This is not a bad coloring book and I can see it being great for some. It is very intricate and I had trouble with most the pictures even with my gel pens. But I will say the designs are way cool. Just maybe not for me.

I love it! It's perfect for us horror lovers out there and for the Halloween season. It has a similar feel to mandala coloring, meaning you find yourself lost and absorbed by all the different spaces to color. I began coloring to help relieve anxiety and I found myself thoroughly enjoying this coloring book and looking up hours later relax and happy with what I had accomplished. Everyone I have shown this book to has loved the coloring pages with appreciative oohs and ahhs It's so inexpensive to purchase making this a no-brainer to buy for anyone who enjoys horror or

Halloween. It's worth every penny and I always look forward to having time to color in this awesome coloring book for adults!

Gift for my daughter. She loved it!
