First, I have to admit I am not a building person. This was my first colouring book with buildings I have ever tried. I was a little bit scared when I saw such detailed pictures, but as soon as I started colouring my first picture I was surprised how pleasant it was to colour it. Even my 70-year-old mum

found something she liked. These pictures bring you back into your childhood when you liked to listen to fairytales. Some of the castles look like fantasy while the others are kind of realistic. Sometimes you can meet a knight or a princess. In this book I see a huge potential for family activity - I can imagine a child doing the princess and some less detailed parts of the picture, while a mum can colour those more detailed things. If one feels more like an artist, the grass or the sky offer a great place to try different techniques, e.g. watercolour pencils, chalks etc. In sum, a good book for everyone, even though you do not have to like to colour buildings.

I really love this book. I read a lot of books about Medieval times and castles so this caught my eye. The pictures are really lovely and some of the drawings are more detailed than others which gives a good variety. The back of the pages are blank so you can remove them for framing etc. There are several blank pages at the back which I really like as I always keep a blank page handy to test colors before I use them on my picture. Also you visit Beth Ingrias' website for free 25 page coloring book.

I love all of Beth's books. She has an amazing talent for her art. Nicely detailed pictures on one sided quality paper - and if you have ever used markers like Sharpies, you appreciate it when an author has one sided drawings. Some markers tend to bleed through to the back. One sided also allows for displaying or sharing all your finished pages instead of having to choose only one. I recommend any of Beth's books - I get excited every time she releases a new one!

Love love love this coloring book! Just received it yesterday, can't wait to color these pictures! Another wonderful coloring book by Beth Ingrias! Keep up the great work! Looking forward to your next one!!

Pretty castle designs! Many of the pages have open sky so you can personalize the coloring by adding your own clouds. I particularly like the coloring pages where the castle is reflected in the water!

Wonderful drawings of castles and settings to let your creativity flow. Beth is a talented artist. Love coloring books that have only one-sided printing. I've enjoyed all of Beth's coloring books.
