Dream Kitchen Coloring Book

Synopsis

This book is more than just another adult coloring book. By working through this book, you'll both discover as well as document your design preferences. Sometimes we just don't know what we like until we see it. • With the Dream Kitchen Coloring Book, you'll be able to play and experiment with different layouts and colors to narrow down what appeals to you most. If you like to color and that's all you're interested in, don't worry. This book has been constructed with the colorist in mind. For example, each sheet is one-sided. In this way, you don't have to worry about markers bleeding through a design on the reverse side of the sheet. There are also plenty of designs, 50 to be exact, each with differing levels of detail to keep things interesting. But the book has also been created for those who love planning and dreaming about kitchens. There's a space below each design to document your color and texture preferences for the floor, ceiling, countertops, backsplashes, upper cabinets, lower cabinets, appliances and walls. By experimenting throughout the book, you'll begin to notice what works for you and what doesn't. The purpose of this book is to bring you many hours of coloring enjoyment while helping you to plan for a successful and beautiful kitchen remodeling project.

Book Information

Paperback: 108 pages

Publisher: CreateSpace Independent Publishing Platform (July 2, 2016)

Language: English

ISBN-10: 153504442X
