## Customer Reviews

This is a wonderful adult coloring book. Thicker pages so you can use felt tip markers if you want. Lots of different images from animals to zombies..a little bit of everything. Great fun to color and use your imagination!

Love the designs, the pages are quite thick as the other reviewer said. I haven't tried it with markers yet, but there is ink transfer from the printed design onto colored pencils, which can drag through when coloring. I started coloring this with Prismacolor Scholar pencils but I think I'll save those for my other books and just use the cheaper pencils I don't care about for this one. Everything else is great, just don't like black being transfered into my yellow ;)

One of my favorite coloring books ever! Beautiful and unique drawings, I especially love the faces that fill the whole page.
