Chanel: Fashion/ Fine Jewellery/ Perfume (Set Of 3 Books)

Synopsis

Self-inventor extraordinaire, Gabrielle "Coco" Chanel revolutionized the lifestyle of her time by inventing a modern concept of luxury. She set her stamp on the 20th century, promoting a new feminine silhouette both sophisticated and discreet. This modern attitude of understated luxe thrives today thanks to the creative talents of Karl Lagerfeld, artistic director since 1983, who has reinvigorated the house by reinventing its famous signatures season after season. Assouline's completely updated trilogy unfolds the spirit and heritage of the house of Chanel, from Coco's revolutionary designs to Karl Lagerfeld's present innovations. This elegant slipcase set includes three MÃ©moire volumes celebrating Mademoiselle's revolutionary style: Chanel Fashion, Chanel Jewelry, and Chanel Perfume.

Customer Reviews

I for one was thrilled when I found this three volume set on the bookseller's shelf despite being on the very thin side. There are clean reprints of some of the most iconic images of Coco Chanel and well chosen advertising images of the recent last thirty or so years. These of course include photos of the achingly beautiful spokesmodels Carole Bouquet, Catherine Deneuve and Anna Mouglalis for Chanel's various products. I am happy to have bought the set but I really wish there had been far more pictorial material. I am certain Chanel's archives are far more plentiful and the books left me wanting much more. I have not been able to find an adequate Chanel book that is still in print but this set will do for a start since it was bought at a discounted price. The written material is simply succinct and perhaps that's best. Fashion shouldn't be overanalyzed anyway.

This is a beautiful set consisting of 3 books (fashion, jewels, and perfume) all housed in a sleek slipcase. Like the rest of the series published by Assouline, each book contains 15-20 pages introduction, followed by 60-75 pages of beautiful color & b/w photos showing Chanel's various creations, then the book ends with a timeline and photo credits where the photos are reproduced in a smaller size along with captions stating the date of the photo and the name of the photographer. This set is a worthy addition to all Chanel fans, other recommendations include: 1) Chanel Collections and Creations. Chanel: Collections and Creations 2) Chanel: The Vocabulary of Style. Chanel: The Vocabulary of Style 3) Jacques Helleu and Chanel. Jacques Helleu & Chanel

I just expected more from this 3 book set. The photos are very modern. There aren't close ups of the work of. There is very little text, just at the front of the book. I was hoping for something more in depth. It helped a little into my insight to CoCo Chanel, but not much.

Exactly what I expected after reading about this set of books. Disappointed because the sleeve that holds the books arrived with damaged corners. Wish it would have arrived in better condition because it is perfect for displaying on your coffee table

This trilogy set in a box - Fashion, Jewellery & Perfume is a must have for all Chanel lovers. It features the most iconic of all Chanel lines. This is a great addition to all other books on COCO CHANEL. A must for the collection.

Great set except a bit disappointing that two of the book covers featured here are not what I received. It was two different covers. I called and told they are showing wrong information and if you expect to get what the picture displays it's a bit disappointing when you get something else. Other than that the set is a very cute and classy set.

Listen, I was truly skeptical about this order after reading the reviews, however, I couldn't help myself! I made the purchase! Here's what to expect. You will receive 3 slender hard cover Chanel books (not advertised) The advertised image is actually a hardcover case that the 3 books can be stored in. I personally love the look and I don't think you would be disappointed!
