Pokemon has recently become more a trend especially for kids playing Pokemon Go so a friend sent this to me as a gift so I can share it with my nephew who loves Pokemon. This is great for kids who are fond of Pokemon and likes to play games related to it. I actually encourage my nephew to focus on this instead of the game because this is more creative and ignites and sparks more creative interest and artistic interest for kids who might grow up to be good at drawing someday. I actually have no serious complaints about this coloring book other than it was pretty hard for me to print it.

Cute designs combined with some of many adults favorite words. The designs are fun to color and aren't so intricate that you have to spend days before one is done. We had a swearing coloring party with everyone picking one to color and trying to use their word or phrase as often as possible through the evening. If you like swearing, coloring, or colorful swearing this book is for you.

Honestly, I was very excited to receive this coloring book, however I was very disappointed with the quality as soon as I opened it. The pictures were all taken from Google images and the pictures looklike they are for children (not adults). Very disappointed, DO NOT BUY!

Wow! This is really an amazing adult coloring book. By doing this you will be able to relieve stress and it can help you improve your creativity. You won't be disappoint in this coloring book!
