Synopsis

When I read these notes for the first time, I was quite young myself and I immediately identified with this man who narrated his adventures in such a spontaneous manner . . . There were moments when I literally took over Granado's place on the motorbike and clung to my dad's back, journeying with him over the mountains and around the lakes . . . To tell you the truth, the more I read, the more I was in love with the boy my father had been . . . " from Aleida Guevara's preface A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey of journeys, solitude found solidarity, solitude turned into love. Eduardo Galeano

NO HAY NADA MAS Lindo que leer acerca de nuestros paÃ­ses, aprender de ellos, por los ojos de un joven viajante como "Che Guevara". Se los recomiendo! leanlo! :)

I give this 1 star because this Spanish Version is missing chapters that are in the English version. Also some of the chapters are cut short in the Spanish Version. I love the book and give it 5 stars but not this incomplete version. Now I need to try and find an older more complete edition in Spanish.

The book I got was in excellent condition. It was brand new, even when I paid as a used book. Thank you so much for your great work on favor of your customers. This book is about contemporary Latin America history. It is the foundation for the movie with the same title. It also has two very good introductions, including one by a daughter of El Che Guevara. I think everybody knows that he was a great revolutionary leader in Latin America, but I was surprised to learn about his literary vocation in this book. Horacio A. Hernandez

This book, a diary of Che Guevara's trip to South America in 1952, shows the reader how the ideas of Che came to be. He sees the poverty, unemployment and exploitation of workers in South America.

An excellent introduction to the amazing life of Che Guevara. His early years set the stage for his future actions and great accomplishments.

If you're interested in the Che and liked the motorcycle diaries this will be a great read!!

What can you say besides this is the way this book was meant to be read. In Spanish. The English version doesn't do the prose and lyrical content of the Che's writings any justice.

I couldn't even finish it. I read all bad reviews before buying it but still bought it because I liked the movie. Very disappointed.
