Customer Reviews

Terrible quality. I can print pages like this at home. Half of them aren't even curse words and you can tell someone created these ugly things in PowerPoint.

Not the best quality pictures. They look very computer generated. Not what I was expecting.

AWESOME BOOK!!! I would just start laughing as I was coloring. Some of the things it says is just Hilarious!! I even bought more as mothers day gifts. High Five!!! Worth the money - fast delivery - great condition.

I thought it could be better, and the pages don't come out very easy.. Will be looking for better curse words book

I bought this out of random whim, thinking to give it to my brother who I think has a lot of anger inside of him, have a sense of humor and is "adult", not to mention, he paints. I thought this would be a perfect gift for him as I could not think of anything better. He has lived in the Philippines and we have not seen each other for a while and all I have are stories about him being angry and all sorts of negative stuff going on with his life. Needless to say, my mother brought it to him on her last trip to there and he actually did not appreciate it. He thought he was too old to color and was wondering why I would send him such gift. Oh well. I tried. He then thoughtlessly and inattentively handed it over to her daughter to have as his 12 year old daughter is the creative artistic one in the family. FORTUNATELY, his 21 year old daughter was more aware and grabbed the book from his hand and took it for her. What do you know. It did not cross my mind to give this to a 21 year old lass. I guess it appeals to different kinds of people and personality. My critique about the book is that it becomes boring and repetitive, lacking of imagination. It just is a book of curse words page after

page.

Not at all what I expected...no thought or detailed as I imagined

silly , like a child learning to cuss . just a bunch of random sware words on the same page making no sense at all,

I was the hit of the party when I presented this gift. my favorite adult coloring book so far!
