Artists And Their Cats

Synopsis

Pablo Picasso, Andy Warhol, Frida Kahlo . . . so many great artists have shared one very special love: the companionship of cats. Gathered here for the first time are behind-the-scenes stories of more than 50 famous artists and their feline friends. From Salvador Dali's pet ocelot Babou to John Lennon and Yoko Ono's menagerie of cats, including Salt (who was black) and Pepper (who was white), *Artists and Their Cats* captures these endearing friendships in charming photographs and engaging text, and reveals what creative souls and the animals best known for their independent spirits have in common. In this clever compilation, art aficionados will discover a softer side of their favorite artists, and cat lovers will enjoy a whole new way to celebrate their favorite furry friends.

Humorous and affectionate photo-journal of various famous people with their furry-purry friends. Each photo is accompanied by a brief essay about the subjects. Many fine-art photographers contributed to this book. A nice gift for cat-lovers, or for those who enjoy a peek into some private lives and some nine-lives.

I edit the Salvador Dali Collectors Bi-Monthly Journal. Very much enjoyed Alison's new book, so much so that I am featuring it in our upcoming May-June issue, going out electronically to several thousand Dali enthusiasts worldwide. Wonderful anecdotes with portraits and candid photos of more than 50 well-known artists and the kitties they loved. Even the front cover of this book has two great

things going for it -- Salvador Dali and cats!

I feel less legitimate as an artist for the absence of a feline in my life after owning this. My dog will just have to do. Great book! Nice Layout, collection of photographs, and written text.

A very cute gift book chock full of stunning and fun photographs of amazing artists with their cats. The book design isn't very nice, however. Bigger than standard gift or impulse purchase books but I would have loved a dustjacket for this title or a better quality design. The books I saw had most corners extremely bumped and the blue material was fading already on some of them. Too bad because this could be one heck of a popular item. I loved the content.

What a pleasure. If you know the artists and have a "thing" for cats, this collection of photos is an endless delight. Open it any day, anytime; the pictures always warm the cockles and offer a fresh smile.

Cool book! Guess I thought it was more coffee table size, but is a little smaller. Loved the stories and pictures. Any artist that has cats will love it.

A little book one can read from cover to cover in less than an hour. Many of the artists in the book were unknown to me. Mildly interesting. Cover photo is fun, but many inside are not very clever, or interesting. I expected more from this book.

A great book for those who love cats and art.
