Colour Me Swiftly (Colour Me Good)

Synopsis

2014 was undoubtedly "The Year Of The Swift" in my opinion. If she wasn't shakin' it off to one of the best pop tunes in decades, she was offering brilliant feminist sound-bites to get her young "swifties" feeling strong, independent and powerful. Here's counting the days until Taylor rules the world... but in the meantime, why not use your felt-tip pens and this book for hours of creative fun! The colouring book contains 16 black line drawings by Mel Elliott for you to colour in.

Book Information

Series: Colour Me Good

Customer Reviews

Sorry, but I can't recommend this coloring book. I bought it because I like Taylor, but most of the drawings look nothing like her. The one on the cover does, so I was led to believe the others would as well -- but they don't. OK, a few others do, kind of, but some not at all. Oh, and it took me less than 5 minutes to color in the one page that I completed. Not worth the money, and not at all fun or satisfying. I'm seriously considering throwing out my book. I wish I could say something more positive, but on this one, I can't.

I bought this for my grand daughter (6) for Christmas. I feel it's meant for an older person, teens maybe? She was confused by the British spelling of many words and a more adult theme. It's a nice color book, just not for little kids.

I love adult coloring books and Taylor Swift so I was excited when I came across this one. The book

was backordered when I ordered it but it came after a few weeks. The paper has a really weird texture that makes coloring with color pencils pretty challenging. It has a waxy coating and you have to press really hard and then the pages behind it get weird indents. The illustrations are cute and it's a fun coloring book.

My granddaughter loves it!

too childish !

This color book is not as large as I expected it to be....but the granddaughter was happy with it.
