The Artful Garden: Creative Inspiration For Landscape Design

Synopsis

“I want to put the mystery back into the heart of garden design, where it needs to be. It’s what lures you in through the gate, keeps you moving through the landscape, and fills you with excitement along the way. The sense of mystery is what turns a mere display of plants, paths, and ornaments into an adventure.” —James van Sweden

Guided by world-renowned landscape architect James van Sweden and horticulture expert Tom Christopher, any gardener can learn the secrets of the gardener’s art and absorb the essence of inspired garden design. In their gifted hands, creating your own perfect garden, with its own alluring mysteries, turns out to be not only easy but a delight. Whether it’s a ten-foot-square city terrace or a ten-acre expanse, the same principles apply: the intelligent use of positive and negative space, of form and scale, of light and shadow, of rough and smooth textures. Do you want a garden you can immerse yourself in? A garden you can smell and listen to as well as observe? An exuberant garden or a contemplative garden? In this elegantly written and visually stunning book, van Sweden reveals the secrets of famous gardens around the world and encourages you to find inspiration in the arts—in painting (from America’s classic regional artists to the abstract expressionists), music (from classical to jazz), sculpture, even dance. He introduces you to famous artists who share how their art has influenced the design of their own gardens, and teaches you to think not in terms of borders and beds or even paths and meadows but of a tapestry woven from sky, trees, rocks, vines, flowers, grasses, and space. Richly illustrated throughout with magnificent photographs, *The Artful Garden* both tells and shows, sharing with beginning and experienced gardeners a wealth of inspiration and practical help. “What’s my message?” van Sweden asks in conclusion. The wise answer: “Don’t squander the potential for surprise and wonder.” This beautiful book guarantees everyone who reads it a priceless store of gardening wisdom.

Book Information

Hardcover: 224 pages

Publisher: Random House (February 1, 2011)

Language: English

ISBN-10: 1400063892

ISBN-13: 978-1400063895

Product Dimensions: 8.3 x 0.8 x 10.2 inches

Customer Reviews

The Artful Garden: Creative Inspiration for Landscape Design The theme of this beautifully written and breathtakingly illustrated book is that great garden design may be enriched when it references and embraces creative elements that are found in the plastic and performing arts. Such a phenomenon is called synergy in industry and in horticulture it is metaphorically referred to as hybrid vigor. It represents a cumulative result that is superior to the sum of its parts and explains the cross fertilization that sometimes takes place between two artistic disciplines. As composers collaborate with choreographers and sculptors are inspired by painters, the resulting works are often richer and more powerful than what might have been created alone. Extending this metaphor to garden design, the authors suggest that the inspiration derived from the arts can raise a landscape to a higher level, making it more creative, and more meaningful. According to Mr. Van Sweden, a garden may be likened to a painting because it can be described as a two dimensional depiction. It is also similar to a sculpture because it is a space through which the eye moves. There is a third dimension to a garden because it is constantly in motion due to seasonal change and rhythmic repetition. In that respect, it is similar to music and dance.
