The Making Of Donald Trump

THE MAKING OF DONALD TRUMP

DAVID CAY JOHNSTON

WINNER OF THE PULITZER PRIZE

READ BY JOE BARRETT | UNABRIDGED

Synopsis

The culmination of nearly 30 years of reporting on Donald Trump, Pulitzer Prize-winning investigative reporter David Cay Johnston takes a revealingly close look at the mogul's rise to power and prominence. Covering the long arc of Trump's career, Johnston tells the full story of how a boy from a quiet section of Queens, New York, would become an entirely new and complex breed of public figure. Trump is a man of great media savvy, entrepreneurial spirit, and political clout. Yet, his career has been plagued by legal troubles and mounting controversy. From the origins of his family's real estate fortune to his own too-big-to-fail business empire; from his education and early career to his whirlwind presidential bid, *The Making of Donald Trump* provides the fullest picture yet of Trump's extraordinary ascendancy. Love him or hate him, Trump's massive influence is undeniable, and figures as diverse as Woody Guthrie (who wrote a scathing song about Trump's father) and Red Scare prosecutor Roy Cohn, mob bosses and high rollers, as well as the average American voter, have all been pulled into his orbit. Drawing on decades of interviews, financial records, court documents, and public statements, David Cay Johnston, who has covered Trump more closely than any other journalist working today, gives us the most in-depth look yet at the man who would be president.

Customer Reviews

If you think Trump is "all bark and no bite" then PLEASE read this. Deeply unsettling, the facts and

history laid out by David Cay Johnston evince the long history of a shady, greedy, and relentlessly sociopathic media mogul and his rise to power. From half-baked schemes, to false identities this book reads like a group of coiffed mob bosses sitting around a tacky gilded table trying to one-up each other with their stories. Except they're all Trump and they're all his stories and they're all true. This book will leave your jaw dropped as you have to repeatedly remind yourself THIS IS REAL.

This is the third Trump biography which I have read. Although all three illustrate Trump's lack of honesty and character, this one is the most complete and detailed. It reveals Trump's connections to Mob members and other unsavory characters that are very disturbing.

This is a relentlessly factual journey into the heart of darkness. The author knows his subject. better than Trump himself. Trump has built a wall between himself and truth and decency. A must read. for anyone trying to get a handle on this election

This is the one I was waiting for! There's no flashing lights here, no cartoon versions of real people, no wallowing in moral outrage. Instead, it's got all the facts you need to explain to your pro-Trump friends (or that weird uncle at Thanksgiving- lol!) EXACTLY what's in Trump's record: and that's what makes him so dangerous. Full of good detail, with sources noted.

Trump - First US President who would owe Putin money? Without the release of his Tax Returns, this is a very real possibility. Johnston's book does an excellent job of laying out all the reasons Trump would never get a security clearance (yes, I realize the Presidency doesn't involve security clearances) at any level: mob ties, being found guilty of discrimination against blacks trying to rent at Trump properties, stiffing and ruining numerous contractors and Polish workers hired for Trump construction sites, FRAUD stemming from Trump U, SIX bankruptcies which plunged those lenders into ruin and all those "thousands of workers" he hired were left jobless and did they get paid? NO. Trump has an insatiable appetite for borrowing money (if he really were a billionaire folks, he would not be borrowing all the time) but no one in THIS country will lend to him anymore - they have heard and seen enough to know better. So who does he get money from now? Is it Putin? Maybe...probably. Releasing his Tax Returns would tell us the answer. It is my guess that, yes he owes Putin money and Trump has not paid any taxes in a long time. Read this book and educate yourself on all the things Trump has gotten away with that make him completely unfit to hold any government position.

If you're looking for a concise, compelling biography of Donald Trump, look no further. Rather than indulging in endless partisan rhetoric, Johnston just gives us the facts "and they're spellbinding, and damning. This is the book for anyone even remotely curious as to who the Republican Party has nominated, and how he managed to get there.

A thorough "just the facts" account of Trump's rise. With all the noise surrounding him right now, I found it really helpful in understanding who he is, and where he came from. Very easy to read style. Highly recommended to anyone curious to know more about the Presidential hopeful.

This book is really exactly what I needed "a detailed investigation into Trump's past, his business ventures, his relationships to other people, etc. Johnston writes a shocking and gripping account, without devolving into tabloid writing. It's smart, scrupulously researched, and truly a must-read for this election season.
