## Synopsis

DELUXE GIFT EDITION!#1Â New York TimesÂ bestselling author Nora Roberts presents a novel of love, friendship, and family in Book One in the Bride Quartet. Wedding photographer Mackensie "Mac" Elliot is most at home behind the camera, but her focus is shattered moments before an important wedding rehearsal when she bumps into the bride-to-be's brother...an encounter that has them both seeing stars. A stable, safe English teacher, Carter Maguire is definitely not Mac's type. But a casual fling might be just what she needs to take her mind off bridezillas. Of course, casual flings can turn into something more when you least expect it. And Mac will have to turn to her three best friendsâ and business partnersâ to see her way to her own happy ending. ## Customer Reviews

Childhood friends, Emma, Laurel, Parker, and Mackensie operate a wedding planner company named Vows. Each has their own specialty: one creates beautiful wedding cakes, one arranges floral arrangements, one handles the books, and one is a photographer. Together they are able to unite people on their most joyous occasions. The first character we learn about is Mackensie. Mackensie is a renowned photographer and her works have been featured in some of the top magazines. Despite being an integral part of the wedding business, Mackensie, doesn't pursue a husband and doesn't see herself ever getting married. This lack of interest might be due, in part, to

her mother, Linda. Linda has had numerous marriages and uses her daughter as a shoulder when things go wrong. All that changes with a chance meeting with Carter. Carter is the brother of a soon to be bride. Nora Roberts is a master at developing characters and it should be no surprise that *Vision in White*, follows the same formula. Her ability to blend emotions with the background settings is another of her amazing talents. The wedding business, *Vows*, almost feels like an additional character and the struggles each of the friends endure make this a novel not to be missed. It is fun, engaging, and flows like a gentle river.....I would also highly recommend JoAnna Wylde's novel: *Price of Freedom* --*Price of Freedom*Â my fav so far.

Fans of Nora Roberts over time discover certain formulas to the writing. This is not necessarily a bad thing. I mean we are all after a HEA or we would pick up another type of book. What I absolutely loved about this book is what one reviewer disliked. It takes us back to her earlier romance trilogies formula like the *Dream Trilogy*. Empowered, tight knit friends who support each other like family and who have drive and ambition in their careers and an immense sense of loyalty to one another. So what if there is the lawyer older brother that is most likely going to end up with one of his sisters friends in the end. And again so what if said sister pops Tums like another character out of the *Dream Trilogy*; that foreshadows she may not be as smooth and together as she appears. I was not sure if I could just enjoy a romantic novel anymore (without all of the complex eccentricities of the paranormal genre or the suspense and intrigue that so many romance novels have now--where the heroine is always in danger or a mystery to be solved). I literally found myself welling up with tears at some of the more poignant moments in this book. It touched me. It also left me very happy and dare I say hopeful. I am glad that Nora is revisiting this particular formula. I am surprised that the ratings are so all over the place. I am looking forward to books# 2, 3 and 4. This is a quartet after all not a trilogy. If you liked some of her earlier work, I think you will enjoy this as well.

To make it short I love "*Vision in White*" by Nora Roberts. The book, the first one in the bride quartet, is full of love and friendship, makes me laugh and smile and is just beautiful to read."*Vision in White*" introduces Mackensie, Parker, Laurel and Emmaline. The four women have been best friends since they were little girls and they spent many days in their childhood playing getting married. From just playing they went to planning weddings and now run a successful wedding planner business. Mackensie, a photographer, loves her job and especially making someone else's wedding day and the pictures of it just perfect. But she doesn't believe in a happily ever after for

herself because an absent father and an egoistic and unstable mother made her wary of marriage and longterm relationships. When she meets nerdy, cute (with a capital C), intelligent and charming Carter Maguire she is shocked that she starts thinking of a future that includes him. Carter is a great hero, he is smart but also easily flustered and still sure of what he wants in life. Their meeting scene is just hilarious and even though Mackensie is afraid to enter a serious relationship she cannot stop getting more and more involved with Carter. But Mac's doubts and her ongoing struggle to handle her selfish mother are making her afraid to trust in her love for Carter. But thank god Carter is also strong-willed and not ready to let go of the one woman that completes his life and for whom he had a teenage crush 13 years ago (so sweet when he tells her about it). "Vision in White" is a beautiful book. I love the wedding theme, heroine and hero are adorable and their relationship is sweet and sexy at the same time. The friendship of the four women just warms my heart and their scenes together are so touching. Parkers brother Del and his buddy Jack are also great guys and all in all this book wants me to believe that somewhere out there my own Carter is waiting for me (if he only came out of hiding!!!). I can't wait to read book two in the series "A bed of roses" coming in December to see how Emma finds the one man she wants to share her life with (an excerpt is included in "Vision in White"). All friends of romances and strong characters will love this book and last but not least I want to thank Nora Roberts for "Vision in White" and that she still continues to amaze me with her beautiful books.
