## Synopsis

Elizabeth's life changed the moment she saw a sleek, black, limousine pull up to the curb outside the restaurant where she and her dearest friends were having a celebration dinner before going to the local club. Though she knew she shouldn't, she found herself stepping back into the shadows as the man she had bumped into earlier led his companion to the car. Her breath caught in her throat as she witnessed a scene that would follow her into her dreams. Elizabeth had thought she had a clear idea of how she wished to live her life. She found happiness in her designs, spending time with her friends and occasionally playing in the local clubs. She is a copartner in her own design firm as well as working on a plan to fulfill her own dream project. She doesn't have the time to waste fantasizing about what might have happened after the car door closed on the couple from the limo. Little did she dream that she would not only come face to face with the man she named her "Limo Man", but that he would demand she learn the exact meaning of clarity. He demands absolute honesty in all things. He has known quite a few submissive women, but none like the small, dark haired beauty who is Elizabeth Adams. She steals his heart and captures his soul. Logan knows she is fighting her own demon and he has no weapon to slay it. Can he teach her that freedom comes from total submission? Can he convince her that he will always be there to help her fly and catch her when she falls? Will she trust him enough, love him enough to gift him with the single part of her that she has withheld for years? After all, there are no limits to dreams and sharing them only makes them grow stronger.

## Customer Reviews

This is a great story. Elizabeth knows she wants a dominant in her life but won't let one in any farther than a scene in a club. She has some healing to do but isn't quite sure how to go about it. When she has a literal "ærun in" with Logan and then witnesses him spanking his date in the parking lot; he takes over all of her fantasies. Eventually they attend the same dinner party and their relationship takes off. I loved that they were both so strong in their roles as Dominant and submissive. The BDSM scenes were very hot, not only between Logan and Elizabeth but between all the couples. The one problem I had with this story was that it took so long for their relationship to get off the ground.

This is a wonderful story. I love Maggie Ryan's books. She does such a great job writing characters that are well rounded and thought out. Her characters usually have a background that helps explain why they act the way they do. Her female characters are usually sweet, friendly people, not bitches. And her male characters are definitely dominant! This story starts out with Julie and Elizabeth. Julie is engaged to Jack and they are a D/s couple. Elizabeth is submissive, but has not found a permanent Dom. Elizabeth and Julie are partners in an up and coming design firm. We learn about not only their personal lives, but also how their personal lives spill over into their professional lives. It takes a while, but eventually Elizabeth finds her own Dom and has her own happy ending. I was so glad to find out that this is going to be a series. I am really interested in finding out how the different characters progress. I also like that this was a longer story than most spanking stories have been recently. This is 134 pages long and they are all wonderful pages. If you have read any of my other reviews, you know that I like there to be spanking in a spanking story. Well, there is in this story! But, it is always in context to the story and the characters. I highly recommend this story to everyone!

I once gave this author a tough review on a series because it was NOT consensual but forced age play in a time when women had no rights. I liked this book because it was about choice made by a young woman. She could say no. I was never against lifestyle choices just enforced compliance....much better read

I chose to download a sample of this book prior to purchasing. I read it then went to bed only to find myself thinking about the short sample when I woke. Alas, I purchased the book the next morning and was pleasantly surprised at the quality of writing. I enjoyed this short book and was drawn in obviously from the first few pages. I recommend giving this book, it was a quick beautiful read that

anyone who enjoyed fifty shades or Cherise Sinclair's series will definitely enjoy this as well.

Oh I just loved this book! What a great plot and what great characters! I was hooked from page one and I just kept reading and reading until I finished it. Elizabeth is a fascinating woman who has some healing to do and Logan is just the perfect man for her. The Ds scenes are completely believable and so, so HOT! Their romance was wonderful to read and I just adored the ending! I am thrilled this is book one in the series and I can not wait for book two! Very well done!! I received this book from Blushing Books Publishing as an Advanced Reader Copy.

This is the first book I've read by the author and now it won't be the last! I've added several books to my TBR and I believe I have a new fave author! Anyways...First of all, the book is based outside of the clubs which is different than most books out there... and I loved that! The author did a fantastic job on this book. There were so many characters involved and all of them were done perfectly. Each had a story to tell and it wasn't hard to keep up with any of it. Liz and Logan... I don't know where to begin. Logan is a wonderful man who every girl dreams of being with. He is a hot smooth talking Dom that will melt your panties... and yet. His care and concern for Liz is mind blowing. The aftercare he provides is stunning. He is totally 'in tune' with Liz and it really shows! He might be the new book boyfriend, if Liz will share with me :P I doubt it, they seemed totally connected. Maybe she can introduce me to Ethan instead ;P The author painted a perfect picture with this story and I can't wait to read more! The characters were so real that I could see myself being friends with Liz and Nancy, chit chatting all afternoon over coffee. The story was so well done, I could see this being turned into a movie! Well, an X rated sizzling movie that will blow your mind. Also, I do hope that Nancy/Jason and Ethan gets their own books and have their own HEA because they deserve it :D Overall this was a super hot super amazing story that I highly recommend. Watch out folks! The author will soon take this genre by storm! Note: I received this book for free as a gift from the author in exchange for an honest review. This does not affect my opinion of the book or the content of my review.

This story was so good - it showed you how a real Dom treats his Sub and shows how protective and how much he loves her. The story was fast moving and you felt like you knew Elizabeth and Logan and Nancy and Jason. You could feel the chemistry between them and Logan was so understanding that Elizabeth was a new Sub. I would recommend this book - you get so caught up in the story
