I own several of Cynthia Knox's books (and Craftsy videos) and thoroughly enjoy her teaching style. This book is a wonderful addition to my collection of colored pencil guides. Cynthia offers a selection of different still lifes from which to learn -- from simple flowers to more complex designs. Her instructions are clear and easy to understand and will help you create a beautiful work of art. The book is probably more suited for individuals with some knowledge of colored pencils, but even if you are a beginner you will enjoy reading the book and viewing Cynthia's wonderful paintings. And it will give you something to aspire to as your skills progress.

It arrived! I love it! It truly is a complete guide to drawing florals and so much more. I was delighted to see this guide teaches textures like glass, porcelain, wicker, wood as well as multicolored and textured backgrounds. The guide is large, easy to read, colorful and chock full of tips and detailed step by step teachings per project. There are 15 amazing and varied floral drawings for every level

of artistry. Thank you Cynthia Knox, you are an amazing artist and teacher and Ann Kullberg for another delicious colored pencil guide!

An awesome and beautiful book! I have all of Cynthia's books and also her Craftsy online classes. She is a very detailed teacher and her instructions are easy to follow. Her work is beautiful. I have several color pencil bookshers are definitely my favorite. Diane Moon
