Wonderful pictures for when you are wanting to color something that isn't insanely complicated or intricate. The pictures are more cartoon-like. No intricate backgrounds. Sometimes I just don't feel like spending 12 hours on a single picture, or coloring things in realistic colors. This book was perfect for that. Some images are more detailed than others. Some are mostly blank so you can fill in your own designs (hence why the title says activity book) I have included some images. Some colored by me, some blank, and an example of the pages at the front of the book that come precolored to give you ideas about color schemes when you get "color block"

I love this coloring book. Perfect for any girl or any adult who loves coloring cute animals. The book has cute owls and other animals in it. It does not have any intricate pictures to color, but I enjoy coloring simple pictures sometimes that do not take as long to color. I would buy again for myself or to give as a gift.

This is so adorable! I bought it for my almost 8 year old grand daughter. She is going to love it. I love it! I will probably get another one. The pictures are very clear and though designs are good too. The colored templates will be a great help in deciding what color you would like. A great coloring book!

I LOVE THIS COLORING BOOK! It is probably the last coloring book I will buy for quite some time. The pictures are so cute as stated in the title and it is the first coloring book (of many) that I like all the pictures!

I enjoy coloring these books. The paper is perforated easy to remove and doesn't bleed using pens. This book has suggestions as to what colors to use on a selection of the pages. I have a selection of the Design Originals books and I'm always looking for more. Simple designs.

All Jess books are awesome. And this one it's no different it's cute, bold and interesting. A must have for your Jess Volisky collection.

My daughter loves this coloring book! Easy to color, no complicated lines.

Bought these doodle/coloring books to give as gifts to the girls in my 5th & 6th grade art class. My older daughter gave her approval. I think maybe she'd like to have one for her birthday. :-)
